In cases where it reasonably appears that there is an immediate danger to the health, safety or welfare of the public, due to the existence of a nuisance, the Mayor and Board of Aldermen shall have the authority to order the Chief of Police or other City official to immediately abate the nuisance in an appropriate manner.

74.030. Abatement; procedure. Whenever the City Council receives notification that a nuisance may exist, it shall proceed as follows:

1. It shall investigate the same. The Council may order any person who has caused or is maintaining the nuisance to appear before the Council at such time and place as the Council may direct to show cause, if any, why that person should not abate the nuisance. Every person required to appear before the Council shall have at least ten (10) days notice thereof.
2. Such notice shall be signed by the Chief of Police, or Mayor and shall be served upon that person by delivering a copy thereof to the person, or by leaving a copy at his residence with some member of the family or household over fifteen (15) years of age, or upon any corporation by delivering the copy thereof to the President or to any other officer at any business office of the corporation within the City. If the notice cannot be given for the reason that the person named in the notice or his agent cannot be found in the City, of which fact the return upon such notice of the officer serving the same shall be conclusive evidence, such notice shall be published in a daily newspaper for three (3) consecutive days, if a daily, or for one if a weekly paper, giving at least ten (10) days notice from the final publication date of the time fixed for the parties to appear before the Council.
3. If after hearing all the evidence the City Council determines that a nuisance exists, it may direct the Chief of Police, or other City official to order the person to abate the nuisance within twenty (20) days or within such other time as the Council may deem reasonable. Such order shall be served in the manner provided in this section for service of the order to show cause. The order may further provide that the appropriate City official be directed to abate the nuisance, if the order is not obeyed within the time period set by the Council, and that a special tax bill be issued for the costs of abating the nuisance.
4. If the order has not been obeyed within the time period set by the Council, the appropriate City official shall proceed to abate the nuisance in the manner provided by the order of the Council, and the cost of same, if ordered by the Council, may be assessed as a special tax against the property so improved or upon which such work was done; and, if so ordered, the City Clerk shall cause a special tax bill therefore against the owner thereof when known, and if not known, then against the unknown persons, and the certified bills of such assessment shall describe therein the property upon which the work was done.
5. The bills for the above work shall be recorded and shall be collected by the City Collector and shall be a tax lien on the property.
6. The cost of abating nuisances on private property shall be levied and assessed on each lot in proportion to the amount of work done and material used in abating the nuisance located on each such lot.

74.040. Non-exclusive Remedy. The provisions as contained herein for abatement

of nuisances shall not be exclusive, and the City may pursue any additional remedies it may have as provided by law. Upon trial and conviction for causing or maintaining a nuisance, the cost of removing or abating the nuisance may be made a part of the judgment by the police judge, in addition to the fine imposed, provided, however, that the said additional cost shall be in lieu of the issuance of a tax bill as provided in Section 74.030(4) and (5) or Section 74.050(3) and (4).
